

Facebook and Social Networking

There are too many sites to mention them all by name. This policy covers them all.

It is important when using social networking sites such as Facebook or Twitter that staff maintain confidentiality and ensure proper practice at all times. This is to protect the children, parents & families of the setting along with the staff. It is also to guard the nursery reputation and the staff's own personal reputation.

Staff guidelines when using social media sites include but are not limited to

- Staff must not mention any of the children from the nursery on their online profiles
- Staff must not write direct or indirect suggestive comments about work on their online profiles
- Staff must not publish photos of the children on their online profiles
- Staff must not publish photos of other staff while in the nursery on their online profiles
- Staff must not write anything about other staff members on their online profiles
- Staff must not use mobile phones to take photos in the nursery or to access social networking sites during their working hours
- Staff must not mention any of the companies that Toy Box Nursery works with on their online profile
- In order to maintain professional boundaries staff should not accept personal invitations to be friends from parents of the nursery unless they know them in a personal capacity
- Staff members are advised to set their online profiles to private so that only friends are able to see their information.
- Staff are responsible for adhering to the terms of service of each site they use
- Personal profiles should not contain any images or videos which may be perceived as inappropriate behaviour for a childcare professional
- Staff will not have the nursery name anywhere in their personal profile.
- Any breaches of the Facebook & social networking policy could result in disciplinary action.
